

Pressure Washer Mister Combinations

Hand Carry or Portable

This commercial grade pressure washer mister system puts disinfectant right where you need it. The combination electric 1400-PSI cold water pressure washer and 350-PSI low pressure dispensing mister is extremely easy to use and more efficient than manual misting. Simply adjust the valve to convert the unit from a pressure washer to a mister. Powered by a high quality electric motor it's ideal for indoor and outdoor cleaning and disinfecting.

Cold Water — Electric — Direct Drive

CM-1400-1MEH-M

CM-1400-0MEC-M

Each combination unit includes a two-piece 36-inch lance and trigger gun with quick connect nozzles for pressure washing, a trigger gun with attached misting nozzle and an additional quick connect misting nozzle for higher-reach misting. A 75-foot x 1/4-inch high pressure hose with quick connects allows for convenient use of both the pressure washer and mister.

Pump:

Direct drive triplex crankshaft pump | Thermal relief valve | In-line water strainer | Low pressure detergent injector for pressure washer use only | Oil drain, fill port and sight glass | Misting valve

Motor:

Totally enclosed fan-cooled electric motor | 35-foot power cord with GFCI and 15-amp plug

Frame:

Powder coated steel mounting plate with center balanced lift and four rubber isolators (CM-1400-1MEH-M) | Powder coated steel frame with upright tilt back design and two rubber isolators (CM-1400-0MEC-M)

Unit Includes:

Quick connect nozzles - 15°, 25°, detergent and misting nozzles | 75-foot x 1/4-inch non-marking high pressure hose with quick connects | Two piece, 36-inch lance | Professional-grade trigger gun | Additional trigger gun with misting nozzle
